Product Descriptions

Lucid Audio's patent pending AMPED™ headphones, neckbands, and ear buds let you have it all. State of the art sound on the inside AND amplified ambient sound from the outside. Lucid Audio's Genius of the AND Control Center allows you to adjust for all of life's listening opportunities whether you want to block out the world, amplify it, or something in-between. Lucid Audio's AMPED™ products let you adapt your device for comfort, security and maximum enjoyment. That's the Genius of AMPED. No more trade-offs, only AND. Now you hear more of what you want when you want.

AMPED Bluetooth Neckband

- AND Control Center provides separate volume control for ambient and Bluetooth® Sound
- Sound Activated Compression instantly activates to protect from loud harmful noises (NRR 24 dB) while also amplifying regular conversational sounds up to 9 times the amplification
- Hi Gain omnidirectional microphones on each side provide clear sound enhancement for phones calls and amplification
- High Definition speakers/drivers in the ear buds yield wide range audio quality
- Retractable Ear buds
- Multiple listening modes for ambient sound
- Flexible, lightweight (1.6 oz.), durable design
- Powered by Rechargeable LIPO battery for 10 hours of normal use including Integrated Micro USB port for charging
- Auto-Shut Off (low power mode) after 4 to 6 hours of use. Timer resets and unit wakes after any button is pressed.
- Available in Black Rubberized and White/Gray

Price: $129
